SPONSORSHIP OPPORTUNITIES

DEAR FRIENDS,

On behalf of everyone at BakerRipley, it is our pleasure to invite you to the 2023 BakerRipley Experience, Legacy of Service. This year's event will honor The Baker Family, and we are thrilled to be leading it with honorary co-chairs The Honorable James A. Baker, III and Susan G. Baker.

More than 100 years ago Captain James A. Baker and his wife, Alice Graham Baker, began a legacy of service that would influence Houston for generations to come. Capt. Baker headed the region's premier law firm and led Houston's banking industry. When his client, William Marsh Rice, died unexpectedly, Capt. Baker protected Rice's fortune and championed his wishes by establishing what is today the internationally acclaimed Rice University.

Around the same time, Alice Graham Baker took note of families who were moving to Houston from across the country and around the world, settling into the aging housing of the Second Ward. When Alice learned that these families faced crowded, unhealthy living conditions, she hosted a meeting of twelve influential, civic-minded Houston women at her home to do something about it. Together they formed the Houston Settlement Association, which later became BakerRipley.

In the generations since then, the Baker family has continued to mold Houston into a city known for its generosity, opportunity, and commitment to giving people the tools they need to build a better life.

Today, 116 years later, the roots of Alice Graham Baker's work still influence the work of BakerRipley. Every day, we infuse this city with possibility through education and access to community centers, childcare, career development, small business support, and technology. We serve children and seniors, veterans and immigrants, individuals and families. Our programs retain the spirit of Alice Graham Baker's original mission, by providing opportunity for more than half a million Neighbors each year.

The BakerRipley Experience will be a night of community and connection; a night to experience the stories of what is possible when generosity meets potential and creates something extraordinary. A night to celebrate victories, dream bigger dreams, and recognize that when people have what they need to thrive, anything is possible.

We would be deeply honored to have you join us for this celebration.

Sincerely,

Barrett and Susan
